CARE NETRAM CELEBRATED WORLD SIGHT DAY, 2023

Making Rural India Aware About Eye Health and Wellness

Care Netram on the road rally with display placards to make people residing in rural and semi rural areas in India about the important of eye health and wellness with the theme 'Love Your Eyes'

Bringing Clear Vision to Every Corner of Rural India!

The majority of eye care professionals in India are located in urban areas, which leaves rural and semi-rural populations with limited access to quality vision care. It is estimated that only 30% of eye care facilities are located in rural areas, even though over 70% of the population lives in these areas.

We are distributing leaflets and making people aware about the goodness of clear vision. We are inviting people to get their eye check-up at our community eye camp and get vision supporting glasses at affordable price.

HONOURED AND EMPOWERED

We are thrilled to receive the prestigious Seva Samman Award from WISH (Women In Society Help) in recognition of our exceptional contributions to eye care for women and children.

The award is received by Shri Debasis Mohapatra, VP. Care Netram from Hon'ble MLA, Bhubaneswar Central, Shri Ananta Narayan Jena. This recognition fuels our commitment to serve our community with even greater dedication and passion.

Expanding Our Footprint

Opening Our New Office in the Heart of Bhubaneswar, Odisha

We are happy to announce the opening of our new office in the heart of Bhubaneswar, Odisha, marking a significant milestone in our journey to #HelpingIndiaSeeBetter.

A heartfelt thank you to our special guest, Antje Christ, the country coordinator from Germany, who graced us with her presence and inaugurated our new abode today.

OUR IMPACT IN THE CORPORATE WORLD

Eye Camp Organized at Hari Marine Pvt. Ltd. Balasore, Odisha

Care Netram along with our country coordinator from Germany, Antje Christ conducted an eye camp at Hari Marine Factory in Odisha. The dedicated event provided comprehensive eye check-ups to the factory's employees and workers. Notably, numerous individuals underwent their initial eye examinations and were equipped with vision-supporting eyewear for enhanced visual well-being.

“

Thank you Care Netram for organizing the eye camp at our factory. The workers are very pleased with the services offered & quality eye wears provided.

”

- Factory Head, Hari Marine Pvt. Ltd

Eye Camp Organized at Monte Carlo Limited, Bypass Road Talcher, Odisha

About 2,000 workers suffer eye injuries in the workplace every day as per American Academy of Ophthalmology

Care Netram is implementing initiatives to bring eye check-up camps directly to factories, ensuring workers have timely access to vision care. Employees at Monte Carlo Limited expressed satisfaction with the provision of comprehensive vision care and affordable eyewear right at their workplace.

“

Thank you Care Netram for organizing eye camp at our workplace and providing us eye wears at an affordable price.

Sudarsan Maha, A Gardener, Gets Back Clear Vision

Meet Sudarsan Mahalik, a 72-year-old gardener from Ganjia, Balasore. With no family to rely on, he sustains himself by working in people's gardens. Struggling with failing eyesight, Sudarsan attended a Care Netram eye camp. Thanks to the camp, he underwent an eye test and received spectacles. Now, with improved vision, he can continue his work with renewed clarity and gratitude towards Care Netram.

Restoring Sight, Restoring Life

Sight And Life Restored For Sahoo Family In Jharkhand

Mr. and Mrs. Sahoo lead a modest life in their village, sustaining themselves through daily wages to meet basic necessities. Struggling with blurry vision, their daily activities became challenging. With little support from neighbours around, they attended our community eye camp and received vision supporting glasses.

Here's what they say...

“

We are very happy to have these glasses. Thanks to Care Netram, life without proper vision had become incredibly tough.

”

- Sahoo Family

Bestowing the Gift of Sight

Giving Sight-Restoring Surgeries To People Who Need It Most

Uncorrected vision issues, such as cataract formation, rob individuals of the ability to earn a livelihood and live a fulfilling life. This not only results in complete blindness but also leaves them dependent on others for their daily needs.

Empowering rural lives through the transformative gift of sight, Care Netram is delivering sight-restoring surgeries to those in greatest need. Our mission is to empower economically disadvantaged individuals by enabling them to earn a livelihood through improved vision.

Our Happy Customer From Permanent Vision Care Centres

Our permanent Vision Centers are operational for the local people to have all time access to quality vision care services at affordable price. Our primary aim is to ensure they can easily and affordably receive the vision care they need as and when required.
