Honoured & Appreciated

For Providing **Eye Care Services to 600 villagers** jointly.

Care Netram is honoured to receive a heartfelt '**Thank You**' Certificate from **Dr. Minakshi, a Sahoo Senior VP, Suryodaya Foundation** for providing eye care services to **600 villagers** jointly.

Fostering Collaborative Partnership

Care Netram is happy to announce MOU with Sri Sri University to introduce **Work-Integrated Degree and Diploma Programs in Optical Sales and Service.**

Together with Sri Sri University, we are committed to shaping the future of aspiring individuals and contributing to the growth and excellence of the optical industry while making a social impact.

STRATEGIZING OUR WAY FORWARD

With our growing team in **Jharkhand**, we conducted a review meeting to discuss a roadmap for next quarter

In this interactive session, we shared suggestions and inputs to effectively work on our mission to eradicate avoidable blindness with affordable and accessible vision care services to where it is needed most.

SUPPORTING GIRLS EDUCATION THROUGH QUALITY VISION CARE

In many parts of Jharkhand, girls face challenges in accessing education, either due to financial constraints or safety concerns. Schools like [Kasturba Gandhi Balika Vidyalaya in Bokaro](#), Jharkhand supports girl's education by providing quality education facilities. They stay in the school with hostel facility and study happily with all the facilities without any cost.

Care Netram visited and interacted with students, emphasising the advantages of wearing spectacles and promoting eye health hygiene. Additionally, we conducted free eye screenings and dispensed vision supporting glasses to address common eye health issues.

We take pride in extending our support to such institutions, contributing to societal upliftment through education and eye health initiatives.

MEGA EYE-SCREENING CAMP CONDUCTED AT JHARIA, DHANBAD

Care Netram conducted a mega eye check up camp at Jharia Dhanbad. It was supported by the members of Janta Sramik Sangh Bihar.

Eye Camp was inaugurated by honourable Member of Parliament Smt Ragini Singh Ji. Our Country Coordinator Antje Christ from Germany and Swiss President Mr Martin Sedylmayer were also present in the camp.

200+ people got their eyes screened and **170+** spectacles dispensed to the needy people. Smt Ragini Singh Ji did the honour of distributing spectacles.

CARE NETRAM'S VISIT TO HILLS OF SUNDARGARH DISTRICT

In the beautiful hills of Sundargarh district, people depend on farming for livelihood, walking up to 20km daily due to limited transportation. Amid jungles, facing challenges like elephant destruction of crops, we found the perfect spot for an eye camp.

Around 200 eye screening done with the support of the village head and volunteers. Many got their eye tested for the first time. Happy to extend our support for such community who need us for their eye health problems.

GIVING THE GIFT OF VISION

Care Netram Sponsors Sight-restoring surgery to the needy

Beneficiary Name: Sabita Bhoi of 62 years
Location: Cuttack

Sabita Bhoi, a 62-year-old resident of Cuttack District, faced deteriorating eyesight without the means for a costly operation. With her family's limited resources, a free eye test at a nearby camp revealed a cataract. Thanks to the subsequent free operation, Sabita can now see clearly, expressing heartfelt gratitude to Care Netram for restoring her vision and transforming her life.

GIVING THE GIFT OF VISION

Beneficiary Name: Sabita Das of 58 years
Location: Cuttack

Sabita Das, a 58-year-old resident of Cuttack District, faced challenges living alone as her deteriorating eyesight hindered her daily tasks. A free eye test at a Care Netram eye camp revealed cataracts, prompting an immediate and complimentary operation the next day. With restored vision, Sabita can now independently carry out her tasks, expressing gratitude to Care Netram for the transformative impact on her life.

BACK AT HOUSEHOLD WORKS WITH CLEAR VISION

Struggling with far-sightedness, the world appeared blurry to **Shakila Bano, a 55-year-old resident** of **Bhaga village in Dhanbad, Jharkhand**. As she lives alone, doing household chores became challenging for Shakila. Hindered by financial constraints, Shakila couldn't afford eye check-ups.

Fortunately, the Jharkhand Mukti Morcha committee along with Care Netram organized a free eye check-up camp in Bhaga, where she received affordable glasses, allowing her to express heartfelt gratitude for the newfound clarity in her vision.

RAISING AWARENESS ABOUT THE IMPORTANCE OF EYE HEALTH

Nestled in the scenic Bokro district and Kasmar block, Pirgul is a charming village surrounded by greenery. However, its idyllic setting belies the stark reality of inadequate healthcare facilities. With no medical shops or accessible hospitals.

Recognizing the unmet need for eye care, the Care Netram team took proactive steps in Pirgul. We raised awareness about vision health, distributed leaflets and invited them to our eye screening camps.
