# An Inclusive Eye Care

Glasses are more than just an aid — they are a gateway to independent and a better quality of life.

Differently-abled Udaya Nayak never let his condition hinder his zest for life. However, there was one persistent obstacle that he couldn't overcome—his failing eyesight. For years, he had squinted through blurred vision, unable to afford the medical treatment he desperately needed.

For the first time in years, Udaya underwent a comprehensive eye examination at our eye camp organized in his village. Udaya was handed a pair of glasses.

The impact was immediate and profound. Udaya could now perform his daily activities with ease. Tasks that had once been daunting were now manageable.

He thanked Care Netram enough for their support and generosity.

# The Best Friends of Murusuan Village, Odisha

## A Lifelong Journey of Companionship

"Friendship doubles our joy and halves our sorrow." - C.S. Lewis

Madhumita Nayak and Malati Barik, two best friends from Murusuan Village in Odisha, live humble lives filled with shared joys and struggles. Their bond is a testament to the power of friendship.

We had the pleasure of meeting these two wonderful women at our eye camp organized in their village. Both Madhumita and Malati had been struggling with distant vision. They were provided with high-quality vision glasses, transforming their world.

The smiles on their faces spoke volumes about their gratitude. As they donned their new glasses, their faces lit up with joy. They eagerly posed for the camera, their happiness evident. Returning home with clear vision and radiant smiles, Madhumita and Malati's day was truly brightened.

## Extending the Reach of Good Vision

Good Vision Team Provides Vision Care at Keonjhar Forest Camp. The Camp was attended by Good Vision Nepal team.

Care Netram organized a special eye check-up camp for forest officers and the local community in Uchhabali, Keonjhar district, on May 30, 2024. During this camp, 55 individuals received free eye examinations. Among them, 34 people were identified as needing corrective glasses and were provided with them on the spot.

The smiles and words of thanks from the villagers highlighted the profound impact of this initiative, making it a memorable and meaningful day for everyone involved.

# A Tale of Hope and Gratitude

## Bringing Clarity to Ajodhya Village – The Story of Surendra and Saraswati Barik

Surendra Barik (age 70) and Saraswati Barik (age 60) from Ajodhya village, Basudevpur block, Bhadrak district, are a devoted husband and wife. However, age was not by their side and both of their lives were hindered by falling eyesight.

Due to financial constraints, they were unable to seek proper medical attention. Thankfully, they attended our Care Netram camp and received free eye check-ups. Both were able to purchase two pairs of glasses at an affordable price, which resolved their vision problems.

Surendra and Saraswati expressed immense happiness and gratitude for the services provided by Care Netram. They were particularly thankful that Care Netram brought these vital services directly to their village. Their smiles and heartfelt thanks underscored their appreciation for the positive impact on their lives.

# To SEE & WORK Better

## The Machine Operator Gets Back Clear Vision

Mr. Bagua Paswan works at a coal mine in Dhanbad as a machine operator. Due to the strenuous nature of his work, he began experiencing difficulty in seeing properly, which caused numerous challenges in his professional life. Fortunately, he heard about the free eye testing camp organized by CARE NETRAM at his BCCL office.

As soon as the camp began, Bagua wasted no time in getting his eyes tested. Upon receiving a pair of spectacles, he noticed an immediate improvement in his vision. Now equipped with clear vision, Bagua can perform his duties efficiently and on time, enhancing his productivity at work.

Grateful for the opportunity to see better, Bagua extends his heartfelt thanks to Care Netram for their invaluable assistance in restoring his vision.

# Giving the Gift of Sight

## Early Detection & Cataract Surgery Is The Key To Restoring Vision

Cataract formation is the leading cause of blindness. The silent thief of sight can be stopped with timely intervention and preventive measures.

At Care Netram, in association with Trinetrans Eye Hospital, Jamshedpur, we sponsor cataract surgeries for needy patients in the region.

Our commitment lies in preserving vision through collaborative efforts with partner hospitals, ensuring timely access to cataract surgeries. Together, we're bestowing the invaluable gift of sight upon those who need it the most.

# Reaching the Last Mile

Outreaching the remote corners of India with affordable eye care facilities

Care Netram is dedicated to reaching the most remote corners of India, providing essential eye care services to those in need. Through our community eye camps, mobile vision vans, vision center outlets, and awareness programs, we ensure that eye care is accessible to all.

We extend our heartfelt gratitude to all our partners, sponsors, donors, and well-wishers for their invaluable support in making our mission possible.

Our aim is to reach millions more in need with accessible and affordable eye care services. Thank you for your continued help and support.

## Facilitating **Career Opportunity** In **Optometry** with our academic Partner **ARKA Jain University - Jamshedpur**

Guest Lecture by AVP Mr. Debashish Mahapatra on Career Opportunities in Optometry

This session is an excellent opportunity for students to gain valuable knowledge about the dynamic and rewarding career paths within optometry.

In collaboration with Arka Jain University, we are pleased to offer learners the chance to work with Care Netram upon completing the optometry course. This initiative not only allows students to become optometry professionals but also enables them to make a positive social impact and secure promising job opportunities.
