CARE NETRAM EXPANDS REACH

New Vision Centre Opened at Hanspal Square, Bhubaneswar!

New Care Netram Vision Centre is now open at Hanspal Square, Bhubaneswar. Local residents can now access comprehensive eye care services, including free eye tests, a wide selection of affordable eyewear as well as premium branded glasses. With a focus on convenience and community well-being, this centre is dedicated to making quality eye care easily accessible for all.

LOCAL MLA JOINS CARE NETRAM'S MISSION FOR GOOD VISION

In collaboration with the [Sastri Nagar Unnayan Parisad](#), Care Netram organized a free eye screening camp in Bhubaneswar.

The event was inaugurated by MLA Mr. Ananta Narayan Jena, along with his colleagues and Care Netram staff. Held at Sastri Nagar, the camp provided free eye tests to 50+ people.

The MLA, members of Unnayan Parisad, and the local community appreciated Care Netram's efforts. They also pledged their continued support for Care Netram's initiatives in Bhubaneswar.

GOOD EYESIGHT EQUALS BRIGHT FUTURE

Good eyesight is a necessity for these young children to learn, grow, and thrive.

At Care Netram, we believe that a bright future starts with healthy eyes, and we are committed to making vision care accessible to all, ensuring that no one is held back by preventable eye problems.

By offering free eye checkups, affordable eyewear, and early detections, we aim to prevent vision loss and ensure that young school children can achieve their dreams.

MAKING VISION CARE ACCESSIBLE & AFFORDABLE

Bringing good vision & clear eyesight in remote rural corners of India

In rural areas of India, where farming and agriculture are the primary livelihoods, access to eye care services is severely lacking. Many individuals remain underserved and unaware of the importance of eye health, leaving their vision needs unaddressed.

Care Netram is dedicated to bridging this gap by providing essential eye care services in these remote communities. Our mission is to ensure that everyone has access to quality vision care, empowering them to lead healthier, more productive lives.

EYE SCREENING CARE CAMP LIGHTS UP MAA JAGULAI SCHOOL IN ODISHA

In their busy lives, many individuals struggle to take proper care of their eyes, and we're grateful to have had the opportunity to reach out to them.

A successful eye care camp was organized in collaboration with **Rotary Club** at Maa Jagulai Saraswati Shishu Mandir School in Alarpur, Cuttack. **300+ students** and **12 community members** received **free eye check-ups**. **Students in need** were provided with free glasses to help improve their vision.

HOPE THROUGH HEALING

Care Netram Sponsored Cataract Surgeries in Collaboration with Trilochan Eye Netralaya

Our support ensures that individuals with cataracts can undergo **life-changing surgeries at no cost**, helping them regain their vision and independence. By covering the expenses of these essential procedures, **we remove barriers to clear sight**, allowing people to **reclaim their mobility, productivity, and overall quality of life**.

SAMPURNA DAS GETS BACK CLEAR VISION

As if a fog had lifted from her eyes....

Sampurna Das from Saraswati Shishu Mandir dreams big! However, there was one obstacle that stood in her way—her vision. With uncorrected eyesight, the letters on the blackboard appeared blurry, making it nearly impossible for her to keep up with her classmates and truly absorb her lessons.

With hope in her heart, she received a pair of glasses, provided free of cost by Care Netram. For the first time, she could see the writing on the blackboard clearly, as if a fog had lifted from her eyes.

This says.... that **when we invest in vision, we invest in a brighter future** for our children and our communities.

GRATEFUL FOR THE GIFT OF VISION

Every Smile Tells a Story!
