Odisha, Jharkhand  
and West Bengal

# Vision Care For Rural School Children

## 1 in 4 children

suffer from refractive vision issue which prevents them from having clear vision.

We at Care Netram take forward steps to address vision impairment among rural children at schools. In association with **Round Table India**, we are providing free eye screening and free eye-wears to the students to support their vision.

*In July, 5000+ school students had their eyes screened.*

# Ensuring Operational Excellence

## New Batch Of Vision Technicians Getting Ready To Serve Rural India

Good vision technicians are being trained from **Odisha** and **Jharkhand** to serve more customers and beneficiaries in need of vision care.

# Stories That Inspire

## HOPE IN THE FACE OF ADVERSITY

Chinta Devi

Jharkhand

[Chinta Devi](#), is a sewer by profession and earns a bare minimum to support her family comprising of her husband and two sons. Vision impairment in her eyes prevented Chinta Devi from sewing properly. This impacted her self esteem and her earning capacity until she met [Care Netram Team](#). Our team provided [free eye screening service](#) and offered very affordable eye wear to support her vision. She is now able [to SEE clearly again](#).

“

My eyes were examined free of charge. The Good Vision Glasses help me see clearly again. Thankyou Care Netram team

”

- Chinta Devi

## OUT OF DARKNESS – INTO THE LIGHT!

### Jugal Bhoi

Jharkhand

[Jugal Bhoi](#) is a daily wage earner who lives a simple rural life. In 60 years, Jugal Bhoi has seen major hardships in his life among which loss of vision had completely broken him. A sharp decline in family income due to loss of working hours had completely shattered his life. However, when he heard of [Care Netram Camp](#) at his village, his hopes were raised.

He was informed of [cataract formation](#) in his eyes and [free surgery](#). After the surgery, Jugal Bhoi gained back his sight. His smiles were returned!

“

Thank you so much Care Netram. I can now confidently return back to work.

”

- Jugal Bhoi

## REACHING FAR AND WIDE

**CARE NETRAM JHARKHAND TEAM** reaching far and wide to spread awareness on eye health & wellbeing.

Place: Korchey, Jharkhand

**Korchey, Jharkhand** is a hilly area where the main source of income is agriculture. Accessibility, awareness and affordability of vision care is scanty. The locals are ignorant about eye health due to lack of awareness and outreach. **Care Netram** team reached out these people to promote the awareness of eye health and vision care. Our team advised them to get their eye checked at the **Jharkhand eye camp organized by Care Netram**. We offered free eye test and affordable eye wears to the needy and suggested cataract surgery for those who needed **eye restoring surgery**.

# Expanding Accessibility & Affordability of Good Vision

**CARE** Netram  
Good Vision 

Good **Vision** | Good **Life**
