

CARE NETRAM

continues to improve the
**lives of the rural
community**
by eradicating
curable blindness

In its endeavor to free the **rural community** from curable blindness, **Care Netram** has worked tirelessly despite the pandemic situation

Better **Vision** | Better **Life**

MAKING LIVES BETTER

Key highlights of DECEMBER 2021

Ensuring quality eye care to the underprivileged mass of India

Care Netram successfully outreached the rural community in India to dispense affordable spectacles, provide cost free eye checkups and cataract surgeries.

1889

spectacles dispensed in 147 communities in December 2021

5430

free eye screening conducted in December 2021

172

cataract surgeries sponsored in December 2021

14,605

spectacles dispensed overall in 2021

48,361

Free eye screening conducted overall in 2021

1640

cataract surgeries sponsored in overall

55+

Field Force of Good Vision Technicians and Optometrists

AN EYE TO THE FUTURE

Eye health awareness among rural school children

Ensuring access to quality vision care among rural school children

Eye health of a school child is too often neglected which intervenes their growth and learning potential. Especially rural children have limited knowledge and understanding of vision impairment. Lack of access to vision care in rural areas further deteriorates their school performance and affects their future.

To combat curable visionary problems among rural children, CareNetram reaches out to rural school children to provide free eye checkup, cataract surgeries and affordable spectacles.

OUR IMPACT

11,000+

students examined their eyes in overall

100+

100+ Rural schools covered by Care Netram in 2021

4,197

students had free eye check ups in December 2021

We believe good eyesight and early eye treatment can improve their learning and growing capacity.

New GVTs (Good Vision Technician) joining Care Netram

Stronger Together

More Volunteers | More partners | More beneficiaries

We are delighted to have new GVTs joining the Care Netram team to support our vision care initiatives among the less privileged, especially with our mobile vision care program which ensures free eye check up to the rural community thereby adding hope in their lives.

Interactive session with new joinees

New joinees share few words about their experience and feedback to the organization.

Virtual Interaction with ODG team from Germany

Expanding our reach to JHARKHAND

Care Netram started Working in Jharkhand

Our new team permanently posted in the state of Jharkhand, a state in Eastern India. This state has a population of 3.19 crores and 39.1% of its population is below poverty line. The state is primarily rural where only 24% of its population are living in cities.

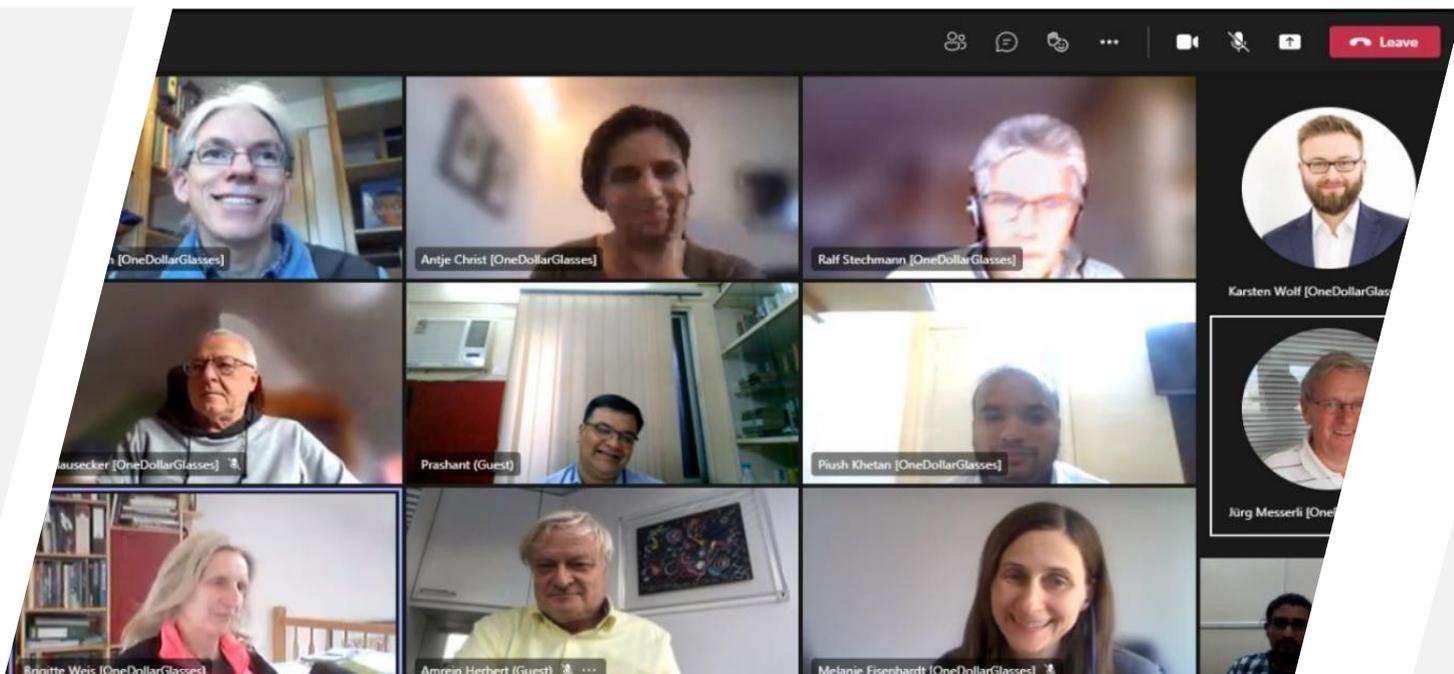

Spreading awareness of VISION CARE

We believe that prevention is better than cure

Care Netram is creating awareness about timely vision care to avoid curable blindness.

In partnership with Asha Vihar (Johar Hospital), we have been distributing leaflets to generate awareness about vision care in nearest village at Bokaro, a district of Jharkhand.

Cross Country Work Shop held in December

Good Vision Glasses –

In Cross Country Workshop, all our global colleagues from 'Good Vision Glass' family come together virtually to discuss activities, opportunities and challenges to fulfil our mission from their respective countries. We gain insights from each other which enables us to reach new heights.

Stories that inspire

Name: Baridei Naya
Address: Hare Krishna Pur BBSR
Age: 56 years

“Hope in the face of adversity!”

Baridei Naya of 56 years lives a happy and contented life with her family. However, her life was turned upside down when she was found to have cataracts in her eyes. In times of trouble, Care Netram steps forward to help Baridei Naya with free eye treatment and affordable eye care.

“Now I can be stress-free about old age dependencies, thank you for Care Netram” - Baridei Naya

Name: Gandharba Sohoo
Address: BBSR HARIANTA
Age: 54 years

“Light amidst the dark!”

Trading staples and vegetables is the only way to earn a living for Gandharba Sohoo. However, lack of proper vision had become a major challenge in his life, interrupting his trade. Care Netram did not let adversity impact his life. He was offered with free eye restoring surgery which enabled him to get back his sight

“I feel blessed to gain back my eyesight! I am extremely grateful to Care Netram team” - Gandharba Sohoo
